Hi there! My name is Parker. I got the name because I was found in a parking lot - get it? I was a "Parker" - ha ha ha ha. As you can see, I have not let my recent run of bad luck affect my sense of humor at all. No sirree. I'm a beautiful orange-and-white Maine Coon mix and a sweet lover boy who loves nothing better than purring and kneading and showing you how much I love love love you. Now if you are familiar with us "orange boys" who are Maine Coons, you know that we have all of the fabulous Maine Coon traits that you want: love people playful, fluffy fur, ear tufts, SWEET spirit, and mellow. And I fit all of those traits to a "T". Yup, pull out that Cat Dancer and just watch me go at it! I am about two to three years old. I have tested positive for FELV, so I will need to be an only cat. Now most people don't understand FELV and think it's a death sentence but us "positive" guys can often live very long and healthy lives. My vet and my foster Mom can tell you more about that very misunderstood condition....so how about it - can I "park" myself with you?
