Hey everybody! We're Mikey and Allie, two wonderful kitties in need of a new home because our dad can't take care of us any more but loves us so much he wants to find a good home for us instead of taking us to a shelter. Hope you can help as we're super fabulous kitties. Mikey is the brown-and-white tabby and is five years old and a big ole bruiser (who needs to have his food monitored or he will eat everybody's). Allie is 11 years old and petite, mostly because she's very polite (i.e., she lets Mikey eat her food). We're very well behaved, use the scratching post and litter box, and don't make a mess in any way. We've spent our lives as indoor kitties and are super healthy. So, whaddya say? Can you help us out? Hope so! We're sure to bring our new family tons and tons of happiness (and you will put a smile on our faces and a purr in our hearts as well).
