Hey everybody! We are three adorable kitties who, through no fault of our own, have found ourselves in the Oakland shelter. Although they try their best, it's not a good place for a kitty to be and as things are pretty crowded, we need to find homes as soon as possible. Can you help us? We are all shockingly gorgeous and have lovely personalities. We would make a super addition to a household. Here's some more information on each of us:

Georgette: Yes, I am Gorgeous Georgette. That's what they call me anyway, with my fabulous gray tabby markings. I'm a young girl at about three years of age and would make an ideal lap cat for a home with adults or older children. My ID number is ACR 04758.

Plenty: Plenty amazing, I am! I'm 10 years young (that's just middle-aged in kitty years) and a large, furry Maine Coon mix with great tortoiseshell/tabby markings and tons of love and affection. I would do best in an adult-only home. My ID number is ACR #04011.

Sylvia: Stunning Sylvia, they should call me. I mean, look at my face -- is that the cutest thing you've ever seen or what? I've also got gorgeous gray-and-white tabby markings. I'm two years old, which is a perfect age for a kitty as I've got all the spunk of a kitten and none of their bad habits. My ID number is ACR#02549.
