Hey there! We're Reuben, Rosemary, and Sugar, three kitties who were rescued from a bad area in Guerneville where unsavory types hang out. Now it's time for us to find our forever homes! Here's a little about each of us:

Reuben: No, I'm not a sandwich. Funny, right? What I am is a marvelous neutered boy full of love and patience. I'm about 5 to 6 years of age, very healthy, and sure to be the darling love of my forever home.

Rosemary: I'm loving, kind, sweet, and somewhat of a talker. My foster mom says I'm one of her favorites of all time (that's saying a lot!) and I'm really just wonderful. I'm very patient with humans and sure to bring much love and cheer into anyone's life. I'm 7 years old so just entering middle age in the kitty world and very healthy.

Sugar: I'm the baby of the bunch at under a year old. My foster mom thinks I look like a baby cheetah. Cool, right? I have gorgeous markings and am quite tame. I have been spayed, microchipped, and have a funny little squeak that comes out when I meow. Adorable, right?
